Hi Alice,

I'm free nearly the entire week of August 6. My only commitments are Monday from 9 to 11 and Thursday from 10 to 3. So any other time is fine with me.

Turns out that Ed Garvey (who led this effort) will be on vacation during the week of July 16-20, and I would rather schedule a call to discuss this document after he gets back (with no impact on the schedule).

So please get me comments by COB on Tues 7/31 and let me know your availability for a call during the week of 8/6-10.

Attached is the draft Data Evaluation Report 6, Biota Analysis (the last Data Eval Rpt) for your review. It is also posted on Sharepoint, under "Reporting>Report Documents". I have not had a chance to review it yet, but since I am going on vacation tomorrow, I am sending it to you so you have a head start.

Please send me comments by COB on July 13. I will schedule a call to discuss the report and/or comments during the week of July 16-20. Please let me know your preference for date/time.
